We will deliver a two-hour workshop to introduce existing commercial businesses to the Emergency Response Contracting in Alabama (ERCA) program sponsored by the Procurement Technical Assistance Center in partnership with the State of Alabama Procurement Office. Our presentation will provide participants with the necessary information to seriously consider and decide whether they will pursue a spot on the ERCA listing.

2. Our speaker is Beth Webster, Procurement Counselor for the Alabama Procurement Technical Assistance Center (PTAC) program who has more than a decade of experience as a government contract business developer and contract manager.

3. Time will be afforded at the conclusion of the workshop (within the 2-hour schedule) for interested businesses to sign up as clients and schedule initial counseling sessions with PTAC counselors. Client services are free too!
