***How ready is your business when it comes to cyber security threats?***

Cyber attackers vary in target, motive, levels of organization, and technical capabilities; requiring public and private organizations to adopt ever-increasing measures to prevent cyber attacks.

This workshop is designed and lead by a highly trained and certified professional that customize cyber security solutions for a diversified group of federal and corporate clients.

Join us in the *first of three (3) modules* as **PROPELLED TECHNOLOGIES'** Mr. Anwar Shahid, CISSP (Certified Information Systems Security Professional) provides valuable information on the following topics: Cyber Hygiene Awareness; Be Careful with Links, Strong Authentication, and Conducting Regular Backups; plus Famous Cyber Cases.

**“Upon completion of the 3 modules a certificate will be provided validating your training.”**

There is **NO COST** for this event. Bring your own Lunch.
