New to government contracting reviewed an RFP and thought how overwhelming it looks? Have you ever wondered where to find the scope of work or if there was a list of attachments in a solicitation?

In this ‘Lunch N Learn’ workshop, we will break down a standard RFP/solicitation and go through what each section is, where to find the information you need, and what kind of information you are expected to provide.

We will review typical forms that are included in a solicitation so you will know how to complete them for future responses.

We will also review common government abbreviations seen in solicitations, lists of documents, exhibits, and other attachments typically seen in a solicitation too.

Seating is limited! [Click Here to Register Online](#).
