

NIST 800-171 IMPLEMENTATION WORKSHOP

FOR SMALL & MEDIUM ENTERPRISES AND DEFENSE SUPPLIERS

June 12, 2019: 10:00 am – 12:00 pm

Birmingham, AL

The University of Alabama in Huntsville
Office for Operational Excellence

Cybersecurity Workshop for DoD Suppliers

The Greater Birmingham Alabama Small Business Development Center and Procurement Technical Assistance Center in conjunction with the University of Alabama in Huntsville are hosting a free two-hour Cybersecurity Workshop for current or prospective US DoD suppliers.

IF YOUR ORGANIZATION SUPPORTS DoD AT ANY LEVEL OF THE SUPPLY CHAIN YOU SHOULD ATTEND THIS WORKSHOP

Participants will gain better understanding of:

- Cybersecurity threats, risks and impacts
- DoD mandatory cybersecurity implementation requirements
- Resources that aid in NIST 800-171 Implementation
- Support available to Alabama companies

US Defense Suppliers Implementation

Companies in the DoD supply chain must meet the new DFARS and NIST 800-171 minimum security standards

See the DFARS Security Requirements at [NIST.gov/MEP/Cybersecurity](https://www.nist.gov/MEP/Cybersecurity)

June 12, 2019, 10 am – 12 pm

Greater Birmingham PTAC, Innovation Depot, 1500
1st Ave N, Room C-109, Birmingham, AL 35203

To Register go to:

NIST 800-171 Implementation Services Available

Through the Alabama ACCESS Program, organizations that currently or aspire to support the DoD may receive low-cost cybersecurity assistance to progress toward NIST 800-171 Implementation.

Alabama organizations that are currently supporting the DoD or organizations that require implementations to bid or renew a DoD contract may qualify for ACCESS Program support.

Through a grant from DoD Office of Economic Adjustment, the Alabama ACCESS Program provides NIST 800-171 Implementation services at a reduced rate.

WORKSHOP

The ACCESS program will host workshops designed to enhance knowledge about DoD cybersecurity Implementation and **access to resources** to aid in Implementation with NIST 800-171.

SELF ASSESSMENT

The ACCESS program will provide **guidance and assistance** for qualifying SMEs in completing the **NIST MEP Cybersecurity Self Assessment** and defining their gaps and risks in their systems.

PLAN DEVELOPMENT

For qualifying companies, the ACCESS Program will also provide **technical support** in developing a **Plan of Actions and Milestones** and a **System Security Plan**.

To access services:

Qualifying for services is an easy 3-step process.

1 Complete Questionnaire

To qualify, organizations complete a short questionnaire
<https://www.surveymonkey.com/r/UAH-CyberQuestionnaire>

2 Attend Workshop

Attend workshops to learn about risks, requirements and resources.

3 Register for Services

Register for Self Assessment and Plan Development Services
