Understanding the SBA Loan Programs

If you're planning to start a business or expand an existing business, you might need financing help.

SBA participates in a number of loan programs designed for business owners who may have trouble qualifying for a traditional bank loan.

What does SBA offer to small business owners? The programs are many and varied, and the qualifications for each are specific.

SBA can help facilitate a loan for you with a third party lender, guarantee a bond, or help you find venture capital.
