**Alabama Get Your Business Online** is an easy, free, and fast way to get your business online. With professional templates and a few easy steps, you can create and publish a website for your business in less than 60 minutes. There's no catch and no cost. This is a Google-led program dedicated to helping drive economic growth by providing Alabama businesses with the tools and resources to get online and succeed.

Here's what you get:

- A free, easy-to-build, professional website
- A free customized domain name and hosting for one year
- A free local business listing on Google Places
- Free tools, resources, and local events
- Access to Google experts and Alabama SBDC Network counselors

Small businesses are vital to America's economic future; the nation's 27.5M small businesses comprise half the US GDP and create two-thirds of all new jobs. Although 97% of consumers look online for local products and services, 54% of Alabama's small businesses do not have a website. This makes them invisible to many potential customers. You can change that today!
